Mace Shop to open again

Welcome to Bawdeswell, Mike and Margaret Sanderson and family, who have just moved into Virginia House and who are re-opening the Mace Shop. Mike and Margaret have 3 children, Jennifer who is 8½, Chlin who is 6 and baby Dawn aged 7 months. Jennifer and Colin are starting Bawdeswell School after Easter, they previously attended the Nightingale First School at Taverham.

Mike - who is a Yorkshireman from Barnsley, worked for 16 years with the National Coal Board as an accountant, before 2 years work in Saudia Arabia, and then to Norfolk with Lotus Cars for a couple of years. Mikes great hobby is tropical fish, he intends to have a special aquaruium section in the Pets Corner at the new shop, Mikes other interests are Aircraft identification and Football - he must be quite unique as Bawdeswells only 'Barnsley' supporter !

Margaret is from the wrong side of the county boundary but we might forgive her ! She is a Lancashire lass from Oldham, and lists her interests as gardening, knitting and sewing, Badminton and swimming. Margaret met Mike at a Christmas Disco at Harrow in Middlesex, when she happened to get a spare ticket from her sister. It must have been love at first sight because nobody can talk at Disco's can they !

I certainly got the impression that both Mike and Maragret are looking forward to village life in Bawdeswell, and that they intend to run a family shop. We wish them well in their new venture.

The shop will open at 8.0am (9.0am at weekends), closing at 5.30 pm - with halfday closing on Wednesday at 1.0pm and Sunday at midday. - Late night opening will be Thursday and Friday till 8pm.

***** P.K. *****

Spring is here at last,at least officially anyway! With the changes of seasons comes a few changes in our village as well.Norman,Monica and Sarah Whybrow have moved to Foxley.Margaret and Mike Sanderson have moved into and are re-opening the Mace shop. Robin and Val Brookes and family have moved from Foxley to Ireland, Rob and Terri Walters have also moved,but not quite so far though,we are all sorry to hear they will be leaving Bawdeswell in the summer.

We wish Mr John Ames a speedy return to good health after his operation,and it is nice to hear that little Brain Painter is now much recovered after his illness,we also wish the painter family farewell as they move to Germany,also moving are the Cruickshank family.

Many thanks for your donations,£3.15 was collectd in our box at the Post Office and £2.00was donated directly.

Festival of Flower and Music

All Saints Bawdeswell

Preparations for this are well in hand and we hope the Festival will begin with a preview party especially for the village on Friday evening the 30th September and end with a Harvest Supper on Friday evening the 7th October.

There will be many jobs to be done, volunteers please note. One important task will be to act as steward in the church anytime between 9.00am until the church closes on Saturday 1st October and 9.00am until 5.00pm on Sunday 2nd October.

Anyone with an hour to spare could be a great help. Hope to be able to give full details of programme in next issue of the Reeves Tale, meanwhile if anyone feels like planting a few extra Autumn flowers in their gardens the Flower Arrangers would be most grateful.

BENNETTS CORNER.

Well here we are in April and all our good intentions about getting in the garden and making a good start has all come to nought. True the first two weeks in March were fine and then the rains started. My garden was soaked and all my efforts to plant my shallots and onion sets were held up, but at last I got them in. I managed to plant most of my brassicas under cloches and they are now about 2 ins. high so I should be in good time for planting them out next month. You may find that some of your veg seeds are slow coming through, this may be due to the cold wet weather and seed may have rotted, so keep a sharp look out for intermittent germination through the rows and dribble a few seeds where the gaps occur. Wait until the end of the month before planting dwarf and runner beans also beetroot and spinach. Plant early potatoes and give a generous sprinkling of Fish Blood and Bone Fertilizer along the rows. Some growers advise Growmore Fertilizer but while this is good for most crops, I prefer F.B. and Bone because it contains less Superphosphate of Lime than Growmore and spuds don't like Lime. Give a generous sprinkling of growmore round the soft fruit and fork it in, and a dressing of lime round all the fruit trees not only sweetens the soil but is a deterrent for all the creepy crawlers that cause maggoty apples.

Rose pruning is a very controversial subject, but if you lightly prune in November you will now only have the strongest of the stems to contend with. Look for a good outward pointing bud about 4 inches up each stem and cut about $\frac{1}{2}$ inch above it, this will encourage strong growth low down and will produce some good flowers. Fork over lightly the flower border and plant a few different perennials and plant a few of Thomsons and Morgans Simplicity seeds here and there and mark the spot with a stick and label and you will be surprised at the result.

Rockeries are at their best in the spring. So go carefully through the plants and pull out any spears of grass and weeds and replace any dead plants from any of the hundred of different kinds on sale now.

BENNETTS CORNER (continued).

If you have not sprayed your fruit trees do it now before the buds break and clear the grass away from the base if they are growing in the lawn.

While we are on the lawn check for moss and if it is taking over, sprinkle lawn sand over the bad patches and after a week to ten days rake out the dead moss and give a dressing of weed and feed. This will kill off most of the young weeds and encourage new growth in the grass and get out the mower on the first fine day

In the Greenhouse prick out seedlings of bedding plants and pot Fuchsia cuttings and chrysanthemums maintain a little heat especially at nights and give all cuttings and seedlings full light.

Now is the time to start thinking about hanging baskets, go for a walk through the woods and collect some moss, it should be kept moist in a polythene bag till you are ready to use it.

No more room now so I wish you all a happy Easter and pray for some fine weather so that we can get the gardening done.

Cyril Bennett.

Oh to be in England,
Now that April's there,
And whoever wakes in England,
Sees, some morning, unaware,
That the lowest boughs and the brushwood sheaf
Round the elm - tree bole are in tiny leaf,
While the chaffinch sings on the orchard bough,
In England -- now !

Bawdeswell School

Another, hectic but profitable term has rapidly passed. After the well earned holiday we will be looking, forward to warmer weather, this in turn means more out door activities and visits in the mini-bus.

We will have some twelve new pupils starting next term, among them a few sturdy young boys - our football team of the future !!

Gayle Digby, Andrew Sparkes, Jamie Taylor Kevin Kane, and Henry Layto have joined the ranks of competent swimmers in gaining their 10 metre Swimming Badge.

We are more than sorry to see Mrs Brooks disappear to distant lands. Her help to us in providing lively music with her guitar at morning assemblies will be greatly missed by the children.

With the approach of the tennis season. I was wondering if we could save some parents a few pounds. There must be quite a few ex pupils who have short handled tennis rackets which they have 'grown out of'; whilst at school we have children wishing to purchase. If any one is willing to see please contact us, at school.

The boys and girls of Bawdeswell School wish you all a happy Easter.

Choof, choof choof,
Just like a horse's hoof,
Into the station,
It's a sensation,
Everyone on,

He sits in his cab,
He thinks it fab,
Watching the smoke whirl around.
